The Community Foundation of Wabash County is committed to providing leadership and service in realizing cherished values for Wabash County: independence, self-reliance, enterprise, prosperity, dignity of every individual, and equality of opportunity.

We serve the citizens of Wabash County by

- *implementing their charitable aspirations*
- *making grants, investing and safeguarding charitable assets*
- *providing information regarding charitable endeavors, and by*
- *convening citizens and linking resources to address issues confronting our shared lives*

To the Wabash County Community,

We are pleased to provide *A Guide to Health and Human Services in Wabash County*, bringing together in one list the organizations and agencies that offer assistance to citizens of our county. The guide provides a list of social, medical, educational, family, employment, legal, food, and housing resources for people in Wabash County who need help and may not know where to turn. It also serves as a resource for service providers in their work to counsel Wabash County families, and it is a local supplement to the 2-1-1 Northeast Indiana Call Center, which continues to grow as a valuable tool for our community.

A Guide to Health and Human Services in Wabash County is available in print and online versions. Both versions are arranged by categories containing numerous service providers and their phone numbers. The online version, available on the website of the Community Foundation of Wabash County (www.cfwabash.org), links each organization to its own website. Clicking on an organization's name will open its website where users can find complete information about services, eligibility, and contacts. The online guide will be updated regularly. Corrections and suggestions for additions are welcome. Any organization may link to *A Guide to Health & Human Services in Wabash County* on the Community Foundation website.

While undertaking projects like this guide to address urgent needs in the county, the Community Foundation is also concerned about the long-range prosperity and well-being of Wabash County citizens. Through competitive grants, we empower charitable groups in Wabash County to especially support people with the least access to resources and the fewest number of opportunities. To make a contribution to the Good Deeds Grants program or to apply for a grant, visit our website (www.cfwabash.org).

Beyond grants and giving, our door is always open. We encourage you to stop in and see us. We are interested in hearing from you about Wabash County—its opportunities, challenges, and gifts. As always, we express our appreciation to the individuals and nonprofits that provide compassionate care to our citizens.

The Board and Staff of the Community Foundation of Wabash County
We're here for giving. We're here for good.
